ABOUT THE EVENT

Ongoing transformation within the South Australian Government has created a greater need for cross-agency collaboration. Senior leaders are now required to undertake work of a more complex nature, operating in a collaborative and strategic manner to drive best-practice and meet whole of government objectives for continuous improvement.

This hands-on workshop will provide you with an opportunity to maximise core skills and explore the senior leadership capabilities required for exemplary leadership success. You will delve into practical strategies to help you lead collaborative teams, improve coaching and amplify key skills for stakeholder engagement. You will walk away with a bespoke leadership assessment and plan to advance your career.

TRAINING DELIVERY AND PRE-COURSE QUESTIONNAIRE

This workshop will be delivered using a three tiered approach. The structure of each session is as follows:

1. Technical overview and review of research into the topic area under discussion
2. Practical application of management principles in the review of case studies, worked examples and interactive exercises
3. Discussion of outcomes and implementation issues

Workshop participants will have the opportunity to include comments and questions about issues outlined in the program by way of a pre-course questionnaire. This feedback will enable the course facilitator to adjust content accordingly. The workshop has limited places to allow for customisation, greater interactivity and for individual concerns to be addressed.
