# **ABOUT THE EVENT**

Each day brings new developments during the coronavirus pandemic. As organisations scramble to adapt to the 'new normal' and optimise their functioning, strong leadership is more important than ever before. In the historically transitional environment of the NSW Public Sector, leaders are valued for their ability to skillfully manage complex situations and withstand external challenges. Now is the time to harness this skill and use it to optimise performance during these unprecedented times.

To succeed as a leader and drive productivity in your teams, it is essential to develop a firm understanding of your strengths and weaknesses. In doing so, you'll learn how they can impact your team's performance as well as your own. You will need to demonstrate keen insight into internal and external challenges, show strong emotional intelligence and the ability to positively impact stakeholders to lead with greater influence and effectiveness.

This workshop will equip you with the tools and knowledge to build confidence in your abilities as a leader. This hands-on, two-day interactive learning session has been designed with both current and emerging leaders in mind. You'll be equipped with a practical leadership strategy that you can use to navigate a successful career in the NSW Public Sector.
