ABOUT THE EVENT

The need for advanced management accounting practices has never been more critical. To be successful, management accountants and finance professionals must develop a diverse skillset and shift their mindset from transactional to transformational.

This workshop provides practical tools for strategic management accountants to add value to their organisation. Across two hands-on and interactive workshop modules, this program provides the opportunity to enhance management accounting skills in a range of areas. Explore planning, budgeting and forecasting, strategy and KPIs, financial decision making and the fundamentals to step up as a commercial business partner.

WHO WILL ATTEND?

- ▶ Forecasting
- ▶ Business Analysts
- ▶ Finance Managers
- ▶ Finance Directors
- ▶ Corporate Services
- ▶ Financial Reporting
- ▶ Strategic Planning
- ▶ Budgeting and Cost
- ▶ Financial Controllers
- ▶ Planning and Analysis
- ▶ Chief Financial Officers
- ▶ Management Specialists
- ▶ Performance Management / Reporting

YOUR FACILITATOR

For more than 30 years Kevin Riley has been assisting finance professionals to better understand and apply strategic management accounting concepts. Kevin has been assisting a range of CFO teams develop their capabilities in moving beyond dealing with just the financials and become Valued Finance Business Partners within their organisations. Kevin brings a breadth of experience from across mining, food processing industries and the public sector into his learning and development programs.

In designing this Strategic Management Accounting workshop for Liquid Learning, Kevin has factored into the timetable the opportunity for one-on-one discussions with each participant so that you develop your 'roadmap' for successfully translating your learning into practical application in the workplace.

Kevin Riley
Managing Director
Capital Training College

14 MAY DAY ONE

Introduction to organisational and strategic planning

- ▶ Background to strategic planning in organisations
- ▶ Map key drivers of competitive advantage and collaboration
- ▶ Value chain analysis, logic models and analysis tools
- ▶ Link strategic planning frameworks to financial planning, budgeting and organisational performance management

Innovative budgeting techniques

- ▶ Advanced and forward-looking budgeting techniques
- ▶ Apply activity-based budgeting, zero-based budgeting, output-budgeting and priority-based budgeting
- ▶ Fine-tune budgeting activities to support decision making

Role of budgets in a modern organisation

- ▶ Understand strategic planning and performance management frameworks
- ▶ Management reporting accountabilities under traditional models
- ▶ Shortcomings of budgeting as a management control tool

Improve business performance through value-adding analysis and evaluation

- ▶ Characteristics of value-adding analysis and evaluation
- ▶ Embed value-adding analysis and evaluation into reports
- ▶ Develop outcome-based (and lagging) KPIs with predictive and influenceable leading performance behaviours
- ▶ Connect finance with business operations and strategy

15 MAY DAY TWO

Move towards more dynamic and adaptive forms of forecasting

- ▶ Dynamic forecasting approaches - Statistical and probabilistic techniques
- ▶ Explore rolling forecasts, driver-based forecasts and simulations
- ▶ Evaluate forecasting technique options and application

Implement a rolling forecast process in your organisation

- ▶ Identify your organisation's key business drivers
- ▶ Key considerations in the design of your rolling forecast process
- ▶ Build your rolling forecast model – How frequently to re-forecast, and how far into the future should you forecast?
- ▶ Steps to implement rolling forecast process plans

The role of finance as a business partner

- ▶ From bean counter to Valued Finance Business Partner - How to have impact and influence
- ▶ What influences executive behaviour? Communication is key!
- ▶ Convert knowledge into valuable business intelligence
- ▶ Craft strategies for greater engagement with operational managers and senior executives

Translate management accounting into effective management action plans

- ▶ Delineate complex ideas to meet stakeholders expectations
- ▶ Assist operational management to understand the financial ramifications of their service
- ▶ Identify performance improvement opportunities through better strategic planning, process improvement and financial analysis and value-adding techniques
