# Women in Leadership Workshop

#### **BACKGROUND**

It is a well-known fact that women remain critically underrepresented within senior executive leadership roles. Greater participation of women is the first step to improving diversity and the benefits it provides to the organisation. Diversity is proven to be a key component for unlocking innovation and performance leading to better business outcomes. The corporate world has seen a slight increase in senior women leaders in recent years but this current growth is not sufficient to attain the benefits provided by gender diversity.

To increase the number of women represented in senior executive leadership, it is essential to equip aspiring leaders with the critical tools for leadership success. Women must be able to identify the opportunities for career advancement, build supportive networks, remain resilient through change and continuously cultivate their leadership skills.

The Women in Leadership Workshop will offer an inspiring learning and networking platform. The event aims to provide existing and emerging leaders with the strategies and skills required to excel in their careers.

### INTRODUCING YOUR FACILITATOR

Karen has high level senior executive experience in directing and managing large teams and leading sales and customer service functions both on and off shore (including experience managing JV partnerships across 8 cities in China). ## TRAINING DELIVERY

This workshop will be delivered using a three tiered approach. The structure of each session is as follows:

- 1. Technical overview and review of research into the topic area under discussion
- 2. Practical application of management principles in the review of case studies, worked examples and interactive exercises
- 3. Discussion of outcomes and implementation issues

# PRE-COURSE QUESTIONNAIRE

Workshop participants will have the opportunity to include comments and questions about issues outlined in the program by way of a pre-course questionnaire. This feedback will enable the course facilitator to adjust content accordingly.
